HOW TO SET

The original is 0-0-0, please set your own combination as following steps:

1. Push the reset button (1) from the position in the picture A to the position in the picture B.

2. Change the dials (2), choose your favorite combination and make it in the one line of the windows like 8-8-8.

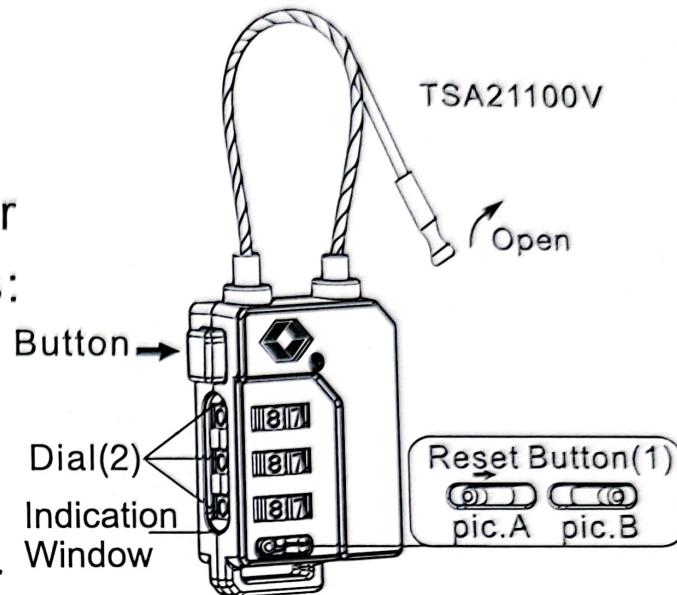

3. Push back the reset button (1) from the position in the picture B to the position in the picture A.

The setting is finished.

4. Change the dials into your own combination and make it in the line of the windows, push the button, then you can open the lock.

5. Put back the shackle, change the dials, then the lock is locked.

If you want to reset the combination, please repeat the steps from step 1- step 4.
